Nissan has temporarily placed harness protector patch (24271-0Z000) on parts restriction. Nissan anticipates unrestricting these parts later this month. In the interim, dealers may place an SVC order through DCS for any additional needs. Please refer to NPSB/16-526 for instructions on how to place an SVC order in DCS.

Orders will be filled as parts supply allows. There are currently 50,300 parts in dealer inventory.
